Benefit Summary

Bronze Choice HSA 5200
Virginia - Choice
Choice Direct HSA - Plan ACRX

What is a benefit summary?

This is a summary of what the plan does and does not cover. This summary can also help you understand your share of the costs. It's always best to review your Certificate of Coverage (COC) and check your coverage before getting any health services, when possible.

What are the benefits of the UnitedHealthcare Choice Direct Plan with an HSA?

Get more protection with a national network and save with Tier 1 providers and an HSA.

A network is a group of health care providers and facilities that have a contract with UnitedHealthcare. You can receive care from anyone in our network, but you can save more money when you use Tier 1 providers. Plus, you can open a health savings account (HSA). An HSA is a personal bank account to help you save and pay for your health care, and help you save on taxes.

> **Pay less by using certain freestanding centers.** Freestanding centers are health care facilities that do not bill for services as part of a hospital, such as MRI or surgery centers.

> **Save money by staying in our network.** If you don't use the network, you'll have to pay for all of the costs.

> **There's no need to choose a primary care provider (PCP) or get referrals to see a specialist.** Consider a PCP; they can be helpful in managing your care.

> **Preventive care is covered 100% in our network.**

Not enrolled yet? Search for network doctors or hospitals at **welcometouhc.com** or call **1-866-873-3903**, TTY **711**, 8 a.m. to 8 p.m. local time, Monday through Friday.

This Benefit Summary is to highlight your Benefits. Don't use this document to understand your exact coverage for certain conditions. If this Benefit Summary conflicts with the Certificate of Coverage (COC), Riders, and/or Amendments, those documents are correct. Review your COC for an exact description of the services and supplies that are and are not covered, those which are excluded or limited, and other terms and conditions of coverage.

Deductible - Combined Medical and Pharmacy

What is a deductible?

The deductible is the amount you have to pay for covered health care services (common medical event) before your health plan begins to pay. The deductible may not apply to all services. You may have more than one type of deductible.

> Your co-pays, co-insurance, deductibles and per occurrence deductibles (including pharmacy) count towards meeting the out-of-pocket limit.

Out-of-Pocket Limit - Individual	$6,500 per year

What is co-insurance?

Co-insurance is your share of the costs of a covered health care service, calculated as a percent (for example, 20%) of the allowed amount for the service. You pay co-insurance plus any deductibles you owe. Co-insurance is not the same as a co-payment (or co-pay).

What is a co-payment?

A co-payment (co-pay) is a fixed amount (for example, $15) you pay for a covered health care service, usually when you receive the service. You will pay a co-pay or the allowed amount, whichever is less. The amount can vary by the type of covered health care service. Please see the specific common medical event to see if a co-pay applies and how much you have to pay.

What is Prior Authorization?

Prior Authorization is getting approval before you can get access to medicine or services. Services that require prior authorization are noted in the list of Common Medical Events. To get approval, call the member phone number on your health plan ID card.
